## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1 – 12 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: Uzoh, in the U. S. patent 6,333,560 B1; substantially discloses the claimed invention, except wherein the top portion of the plug includes a recessed region sized to receive an end of a bottom portion of one of the plugs from a second one of the integrated wafers. The top portion of the plug of Uzoh is flat and there is no motivation aside of improper hindsight to modify the plug of Uzoh to have a recessed portion to receive an end of a bottom portion of one of the plugs from a second one of the integrated wafers. Therefore the claimed invention as a whole is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
